

Series: It's a Miracle, # 5

A Far Reaching Testimony

Luke 8:40-48, Mark 6:53-56

Among the miracles described in the Gospels, what is unique about this one?

In Matthew 9:21, we read that this woman thought to herself: "if only I touch his cloak I will be healed". On what might she have based that conviction?

Does her attitude sometimes describe us? That is, we believe Jesus can act on our behalf, but we don't really want others to know we are asking, we are hesitant to announce our faith...

What were her motives for not wanting to expose herself? What are ours?

Have you ever pondered that people you know, might be close to believing in God's power, and the final 'push' of encouragement might be you telling your story, describing how Jesus impacted your life?

My response:
