

Series: It's a Miracle, #9

A Tithe of Gratitude

Luke 17:11-19

What is your response when you read in John 4:9 that “Jews do not associate with Samaritans”?

Have you ever felt like a “Samaritan”... considered undesirable by others, someone to avoid?

Read Leviticus 13:45-46 – try to imagine the feelings of being a social outcast with a contagious disease, isolated for the protection of others:

Why were Jews who had been healed of infectious skin diseases instructed to be examined by the priests? (Leviticus 14)

Nine of the men obeyed Jesus and went to the temple. Did the tenth man disobey? Or, since he was not Jewish, did that law not apply to him?

Do we live in a world that values a grateful spirit? If not, how do we escape the negativity of our age?

Is getting close to those who are hurting – like Jesus did, despite potential risk to us, part of being thankful?
